

Hurst

Hospitality

Jan 18, 2012

We are very pleased to announce that we have recently purchased Dartmouth's premier restaurant and lounge, Nectar Social House (voted Dartmouth's Best Restaurant – Coast Magazine 2009/2010/2011). Nectar is truly a gem with sophisticated food and service served in an elegant and modern design setting.

Executive Chef Jeremy McLean, Sous Chef Javed and Comis Chef's Chris and Gord head our culinary brigade with an outstanding feel for flavour, presentation and culinary technique. With his passion for food evident on every plate, Chef Jeremy takes no short cuts and prepares his creations with only the freshest and finest products he can find. He believes also in utilizing the wonderful bounty of our local farmers and fishers. I have worked with many talented Chefs over my own 35 years in the food and hospitality industry and I can say that Jeremy is simply one of the finest I have seen.

We are also blessed with a superbly professional serving staff led by Randy and Robin with Elena, Ryan, and Haley rounding out this great team . They are all highly skilled, knowledgeable in food and wines, and deliver service, which matches the superior level of the food.

Joëlle and Ian will both take an active role in the restaurant and invite you to contact them directly at any time for reservations. Ian will continue his hospitality consulting under Hurst Hospitality and Joelle will continue her personal training business under Inspiring Fitness.

Private functions are available on Monday nights also. Sit with Chef Jeremy and design a custom menu for the evening or select from our regular menu.
